Once a cat has been used or breeding, or has had a title claimed, it's suffix name cannot be changed. Any cat's name, including the registered prefix, and/or suffix, must not exceed 35 spaces. This includes all letters, spaces, numbers, and punctuation. Household Pet registration may not have a cattery name as a prefix.

Please remember to update prices on the back of litter slips or registration forms for any new owners of your cats or kittens.
